O-STILE

STILE DI DESIGN RAZIONALE

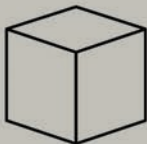

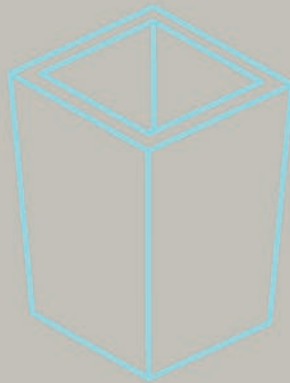

In O-Stile, la tecnologia è al servizio della forma pura.

Utilizziamo la stampa 3D FDM non solo come metodo produttivo, ma come linguaggio espressivo.

Crediamo in un design razionale,
dove ogni linea ha uno scopo e ogni
oggetto è il risultato di un equilibrio perfetto
tra precisione digitale e sensibilità estetica.

Non creiamo semplici complementi, ma pezzi unici definiti
dalla tua visione.

Colori, loghi e accostamenti materici sono scelti da te,
rendendo ogni oggetto O-Stile
un'estensione della tua identità.

LA NOSTRA VISIONE

"Ogni oggetto O-Stile è una fusione
di architettura e funzione,
un'architettura domestica
che definisce lo spazio.
Un oggetto unico nella finitura
e nella costruzione."
